

EVOLUTION WINE WALL

The Evolution Wine Wall offers a unique approach to label-forward wall mounted wine rack storage. Available in a variety of stackable heights, three bottle depths, and three widths, the Wine Wall can scale to any project requirement.

UNIQUE LABEL FORWARD

The streamlined look allows sight lines to pass through the racking to walls and spaces behind — and is designed to hold 750mls, Champagnes, and Magnums in the same row.

SCALABLE

Stack racks on top of each other or connect to the side using expansion packs to reach any commercial or residential requirement.

Offered in choice of (4) heights, (3) widths and (3) bottle depths.

FLOATING

The patented Post takes our industrial chic wine racks off the wall to press against glass, highlight tony backsplashes, and create unique room dividers.

Available in: Up to 17' in height, with 6 unique mounting upgrades.

STYLISH ADD ONS

Add Wine Box, Presentation Rows, Steware Racks, Shevles, and Perches for unique design enhancements.
